

Law Firm

B-HSE Società tra Avvocati a r.l.

About Us

About Us

B is an independent Law Firm founded in 2020 by two Professors of Law at the University with a shared vision of the legal practice: high specialization, competence, quality of work, understanding and knowledge of the Clients' business, flexibility, growth and nurturing of young talents.

We are a sort of “Atelier of Law” that seeks tailor made solutions for Clients in the fields of Environmental, Circular Economy, Energy, Safety, Food and Criminal Law as well as Compliance. We have a combined and crosswise approach. Therefore, we provide 360' assistance in terms of criminal risk management, administrative procedure and civil law. We represent a unique entity in the Italian legal framework in Environmental, H&S, Criminal and Food law firms.

Mission

Mission

Our strong international vocation is guaranteed by a consolidated network of relationships established with partners of independent law firms from different jurisdictions, which ensure high legal quality and an approach to the relationship with Clients in line with the style of **B**.

The deep knowledge of the reference markets, the academic prestige of the attorneys, the speed of reaction to any request for assistance, the professional background and the spirit of belonging that distinguishes us, make **B** the perfect legal partner for every needs, both local, national, european and even international. In everchanging sectors characterized by complex regulations such as those on Environment, H&S, Food and Criminal combines over twenty years of professional experience with a high scientific profile.

Mission

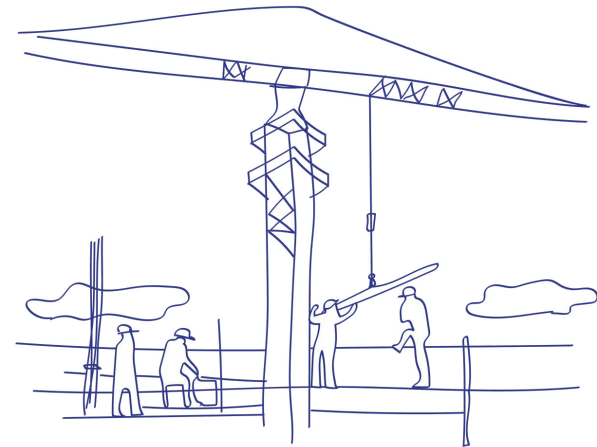

B main Clients are important chemical-food groups, leading companies in drilling and geo-inspection activities for natural resources, petroleum and lubricant companies dedicated to the refining and distribution of products, world leading groups in the production of generic drugs, companies in production and management of renewable sources, companies specialized in environmental, waste and landfill management services, numerous companies engaged in the production and sale of energy, public bodies and cement plants.

Furthermore, **B** assists Italian and foreign multinational companies operating in food, chemical-pharmaceutical, defence, oil & gas, energy, banking and real estate sectors as well as other law firms not holding its specialization.

Product Compliance

B professionals have developed significant expertise in key aspects of product compliance, from in depth analysis of applicable regulations, to the actual supply of goods and services, manufacturing, processing and marketing operations, market distribution, labelling requirements, advertising claims, traceability obligations, recalls and risk management.

Corporate Compliance

B provides complex advisory services with regards to the entire product lifecycle and supply chain. From activities that are related to the supply of goods and services, manufacturing, processing and marketing operations, to the distribution of products to end consumers and management of post-sale phases.

The firm supports its clients in understanding and complying with international, European, and national regulatory frameworks with a strong focus on product safety, regulatory compliance, labelling and information requirements, advertising and marketing claims, traceability obligations, post-market monitoring, recalls, crisis and risk management.

B professionals have gained particular expertise in highly regulated and complex sectors, including mass-market products, fashion and luxury, pharmaceuticals, and food & agri-businesses.

Corporate Compliance

Highlights:

- legal advice on international, European and national product compliance frameworks
- legal review of technical documentation and conformity files
- advice on CE marking, labeling and product information requirements
- assistance in product recalls, corrective measures and safety procedures
- monitoring and analysis of regulatory developments
- regulatory qualification and legal classification of products
- assistance in conformity assessment and certification procedures
- representation before regulatory authorities and notified bodies
- drafting and review of compliance-related legal documentation or deed

Corporate Compliance

B's attorneys have also gained considerable experience in the area of criminal risk management in business activities with in-depth knowledge of the issues related to Legislative Decree no. 231/2001.

We deal with compliance in the broadest sense of the term, evaluating every aspect of the criminal profiles in corporate governance and regulatory obligations.

Corporate Compliance

The legal advice offered concerns the trial assistance, due diligence, drafting or revision of all the documentation necessary to ensure compliance with the legislation and the prevention of all possible risks.

B also manages legal audit and self-assessment processes, internal investigations and/or events related to inspections and defensive investigations by the authorities.

B approach aims at combining risk management with the Client's business needs in coordination with corporate, labor and administrative rules.

Corporate Compliance

Highlights:

- criminal trials;

- due diligence phase;

- structuring and drafting the documentation necessary for corporate compliance;

- drafting, integration or revision of Models 231

- management of audit processes;

- advising on inspections and investigations by authorities;

- event of 231 investigations (including related disciplinary proceedings) and remedial actions;

- audit or forensic investigations;

- participation in Supervisory Bodies established pursuant to Legislative Decree n. 231/2001;

- training activities.

Real Estate

B provides a fully integrated legal service on real estate sector. The Firm has built up a vast real estate Client base, ranging from fashion and retail companies, funds (listed and unlisted), public bodies, private and institutional investors, banks. These Clients can rely on our sector-specific expert assistance in commercial, office building, hospitality, industrial, residential, and logistics transactions.

The projects are handled with a strong problem-solving approach and with maximum attention to investment return goals and costs control.

Highlights:

- acquisition and sale of companies and real estate assets;
- real estate due diligence;
- real estate-related contracts;
- real estate development and construction transactions;
- retail expansion.

Criminal Law

B's attorneys have gained considerable experience in the main areas of criminal law in the judicial and extrajudicial, with a wide view also to european and international profiles.

Criminal Law

The advice that can be offered covers legal opinions, procedural and trial assistance.

B's attorneys have further consolidated over the years a capillary network of relationships in order to ensure the Clients a solid defence with the conduction of investigative activities and technical advice.

B's attorneys assist corporates in the management of criminal trials, including pre and post-trial stages.

Criminal Law

Specifically, criminal (also) procedural assistance is divided, among other things, into the following matters:

- environmental and town and country planning crimes;

- offence against the Public Administration;

- white collars crimes;

- bankruptcy and insolvency;

- tax crimes;

- bank crimes;

- financial intermediation and market protection offences;

- cybercrime and personal data protection;

- crimes against property;

- medical responsibilities.

Assistance in operations

B supports companies in the ordinary management of environmental and safety risks, in Court, with audits and due diligence or participation in the drafting of environmental covenants.

Assistance in operations

Highlights:

- real estate operations;
- construction, start-up, expansion, modernization or decommissioning and conversion of industrial plants, environmental service plants (landfills, waste-to-energy plants, etc.), as well as installations for the production, storage and distribution of energy;
- M&A transactions, business leases and the transfer of shareholdings;
- IPO and project finance.

 s attorneys offer a high-quality service and can find the most suitable solution for clients in both legal and business terms, ensuring direct, effective, accurate communication and assistance.

Labour Law

B's professionals have developed significant expertise across the main areas of Labour law, assisting both Italian and multinational companies in managing all aspects — judicial and extrajudicial — related to human resources, including reorganization procedures, negotiation of collective agreements, employment contract arrangements, and the handling of settlement negotiations for compensation claims.

Labour Law

The advisory services offered include legal opinions, procedural and trial assistance, and — with specific reference to corporations and legal entities — representation in proceedings involving the Entity itself.

Over the years, *B*'s professionals have also built a widespread network of relationships with highly specialized experts across various sectors, ensuring Clients a solid and integrated defence, enriched by all the technical expertise required by each specific case, including investigative activities and expert consultancy.

Thanks to this comprehensive set of skills, *B* provides both legal entities and individuals with strategic and thorough management of criminal proceedings, including the preparatory and post-trial phases.

Food Law

B, Combining over ten years of professional experience with a high scientific profile in a sector characterized by continuous transformation and complex regulations, B assists both Italian, foreign companies and multinational groups in the food and beverage sector, food distribution, as well as associations of national and european producers and Institutions.

Food Law

B offers legal assistance on the entire food supply chain, from operations aimed at the supply of goods and services for the food business (aggregate farm supplies), through all the business activities of food processing and marketing, up to the distribution of these products to the final consumer (aggregate processing and distribution) and to manage the post-sales phase.

The specialized assistance covers all legal issues related to the food and beverage sector, under various criminal, administrative and civil responsibilities, providing support to management of the company both in Courts and day by day activities.

Highlights:

- food market law and unfair competition (AGCM);

- the compliance of the production and commercial structures according to reg. CE n. 178/2002;

- labeling, trademarks and distinctive quality signs;

- food advertising (commercials, story-boards and relations with advertising agencies);

- management and compensation of damage caused by harmful or unsuitable food;

- food crimes litigations for damage to health and commercial fraud;

- novel foods and genetically modified organisms

- allergens and product contamination

- workplace safety and environmental protection

- protection of industrial and intellectual property rights in the food sector

- internal audits and due diligence on food quality and safety

Data Protection

B supports companies on all issues regarding Data Protection.

Our advice covers all issues related to the protection of personal data with particular attention to those dealing with the EU/679/2016 (GDPR) Regulation, the Italian Legislative Decree no. 196/2003, as subsequently amended and integrated (Privacy Act), and the management of corporate Data Protection models.

Highlights:

- support and advice in all aspects of data protection law, including data security and data breach, retention policy, data transfers outside the European Union, employees' monitoring activity, geolocation activity, clinical trials and privacy in health and social care;

- revision and drafting of the relevant documentation in the field of data protection;
- support in any legal action before the Italian data protection authority and/or Judicial Authorities;

- support in the development of an internal privacy organizational chart and analysis of the possible need for appointment of a Data Protection Officer (DPO);

- assessment of the legitimacy of the data processing activities carried out;
- training sessions.

Team

Francesco Bruno

Francesco is an attorney qualified for the Higher Courts and Full Professor at the Campus Bio-medical University of Rome (UCBM). He has been Visitor at Columbia Law School of New York (Center of Climate Change Law) in 2012, Visiting Faculty at UCLA School of Law in 2013 and 2014 and Visiting Researcher at Florida International University (FIU) in 2015.
